

LIFT AUDITION RESULTS

Hi Dancers and Parents,

Here are the results of the Lift Team Audition. Auditions are always difficult. There are many dancers who were extremely close in skill. There were more dancers overall at the audition than we've ever had before. This allowed us to take more dancers on each team than we have before. We're very happy to give more dancers the opportunity to participate on a lift team.

The dancers were judged in three areas:

1. Dance (grace, technique, movement)
2. Lift (overall strength, execution, entry/exit, air position, arm/hand/leg/foot lines)
3. Coach evaluation (dependability, communication, behavior, work ethic)

We hope that all dancers who auditioned will be supportive and trusting of the results.

We know there will be both great excitement and great disappointment. If any of you would like to discuss the results with the coaches or me, please feel free to contact us.

The Lift classes begin after Labor Day (no classes on Labor Day). We will send more detailed information to the lift team dancers and parents.

The Lift Team dancers are: (listed alphabetically, not as partnerships)
